## TIMBER

This historic timberland tract offers a mixture of newly planted loblolly plantations, mid-rotation-aged loblolly plantations, and mature natural timber in the SMZs. The plantation pine was intensively sight-prepped, planted with 2nd Generation containerized seedlings from the IFCO nursery in DeRidder, LA, and sprayed for herbaceous weed control to minimize competition to the seedlings. The creek banks have been protected in Stream Side Management Zones (SMZ), providing wildlife travel corridors that offer a mosaic canvas of mature natural forests breaking up the young plantation pine.
